

TUNA

Albacore Tuna fishing is amongst the top desirable fisheries offered. The migratory patterns of the fish brings droves of albacore schools near the coastline. We begin our trips starting August 27th and fish through September. Trips are 1½ days long and are offered Mondays, Wednesdays and Saturdays.

We use jigs while trolling and live anchovies while stopped.

We have coffee and water on board, as well as a microwave for your use. We keep the capacity at 6 people to ensure everyone has comfortable space to move about on the boat while out on this trip.

My expertise in this industry and the ability to track where these fish are running will greatly increase your chances for a successful fishing excursion.

If you've never gone tuna fishing then you're definitely missing out on the experience of a lifetime. Fast paced, high energy, lots of meat (great for canning!) and even better there's no catch limit.

Whether you're a repeat customer or a first-timer, this is a fishing trip that's bound to leave you with great fishing stories to share with friends and family for years to come...so what are you waiting for?

We still have spaces available.

Book now for the "ULTIMATE" tuna fishing experience!
